SCALABLE

SUSTAINABLE

PATH to Universal FLN

Policy x Pedagogy (Road x Vehicle)

Policy builds the road. Pedagogy accelerates learning.

POLICY: Five System Levers for FLN

- **Priority** FLN first; protected time & attention
- **Leadership** Sustained senior ownership; clarity of roles
- **Planning** Targets, sequencing, resources, timetables
- **Processes** Middle-tier coaching, materials, routines
- **Monitoring** Dashboards, reviews, course correction

PEDAGOGY: A Disruptive FLN Engine

ALfA | Accelerating Learning for All

Peer-powered practice + rapid feedback loops

Random pairs daily

Peer teach & check

High practice density

Perfection loops

Embedded teacher prompts

Heterogeneity-ready

Learner agency routines

Simple TLMs

Low training burden

Measure-to-action

Evidence snapshot:

Policy + Pedagogy together produced extraordinary gains in UP

+10pp

UP (NAS 2021 → PRS 2024)

Remarkable one-cycle progress associated with government policy measures.

+13/+14pp

4 DEVI districts using ALfA

Indicative of pedagogy-driven acceleration (about 30–40% more progress than the UP baseline).

RCT (Shamli) - effect sizes after 40 days

0.23 (Grade 3)

0.89 (Grade 5)

Aug-Oct 2022 | 20 schools
HGSE validation

Fluency gains within 40–45 days.

Policy builds the Highway.
Pedagogy is the Vehicle.

Scale Journey: From a 20-school RCT to District-wide Adoption and Multi-state Growth

For the last stretch of NIPUN Bharat, other states can strengthen policy levers and adopt disruptive classroom practice for the biggest possible FLN jump.

20 to 45,000 schools in 3 years! Discover why.

**Launch in 2022 with
Secretary MOE, India**

From Low-Performing to #2 in UP

In 2022, IAS Anita Karwal, then Secretary, Ministry of Education, entrusted Dr Sunita Gandhi and DEVI Sansthan's ALfA (Accelerating Learning for All) programme for Shamli, Uttar Pradesh – then a low-performing district of India (NAS 2017). The impact as per the results of PRS 2024 Grade 3 has been impressive:

Language: 65% (NAS 2021) → 79% (PRS 2024) **+17 pp**

Maths: 59% (NAS 2021) → 76% (PRS 2024) **+14 pp**

This took Shamli to **rank #2 district in UP**.

ALfA is built on over 20 years of research. It is a **disruptive pedagogy** that mainstreams paired-learning and scaffolds from known to unknown for rapid FLN gains.

GLOBAL VALIDATION FROM HARVARD UNIVERSITY

Chapter 8 of 'Rebuilding Resilient Education Systems After the Covid-19 Pandemic' documents the impressive learning gains from the ALfA program in Shamli, and recommends its widespread adoption in UP.

“The effect size* of the project was **0.23 for Grade 3** students and **0.89 for Grade 5**... the results suggest there is significant value in pursuing the ALfA model in other schools if implemented in a coherent, structured, and coordinated manner.”

“We recommend the UP government incorporate the promising ALfA pedagogy developed by DEVI for the first 6 weeks to quickly establish a strong FLN foundation.”

book

Prof. Fernando Reimers
et al, Harvard Graduate
School of Education

***Effect size** is a statistical measure of an intervention's impact. A business-as-usual school year in developing countries typically raises literacy levels by **0.15 to 0.21** standard deviations. This means that the ALfA 45-day intervention raised learning levels by the equivalent of **2-4 years worth of school**.

Reference: Evans, David K.; Yuan, Fei. 2019. Equivalent Years of Schooling: A Metric to Communicate Learning Gains in Concrete Terms. Policy Research Working Paper; No. 8752. World Bank, Washington, DC.

IMPACT AT SCALE

Since its inception in 2022, ALfA has exploded in schools and adult literacy programs around the country, with MOUs now in place for over 45,000 schools. Many small-scale research implementations are ongoing. DEVI is also partnering with other organisations to provide adult literacy services at scale.

FROM 20 TO 17,500 SCHOOLS OF UTTAR PRADESH

The 4 districts in which ALfA has been implemented saw massive improvements in their score for Grade 3 language and maths in Parakh 2024, compared to the NAS 2021. The four districts are all in the top half of UP's districts in Parakh 2024. Particularly remarkable is Shamli, a formerly low performing district, now ranked in the Udit (Excellent) category in Parakh. The **4 districts improved by 13–14 percentage points**, compared to just a

2–3 percentage points gain at the national level, and higher than the state average of 10 percentage points.

In UP, the impressive results in Shamli led to a scale-up from a 20-school RCT (validated by Harvard GSE) to district wide in Shamli and then 3 more districts (Lucknow, Unnao, Barabanki) and now an MOU for 9 districts. **Discussions are also underway for ALfA to be used as a state-wide supplement.**

Grade 3 Learning Gain Between NAS 2021 & Parakh (2024)

COMPETENCY-WISE ANALYSIS

UP: INDIA'S MOST POPULOUS STATE

Three major NGOs are working on FLN in UP. Of these, DEVI's 4 districts showed the largest gains in all of the competencies, between NAS 2021 and PARAKH 2024.

Grade 3 Language and Numeracy Competency Gains

NAS 2021		Parakh Rashtriya Sarvekshan (PRS) 2024	
LO Code	Learning Outcome for Grade 3	LO Code	Learning Outcome for Grade 3
M312	Estimates and measures length and distance using standard units like centimetres or meters & identifies relationships	C-8.9	Select appropriate tools and units to perform simple measurements of length , weight, and volume of objects in their immediate environment.
M318	Extends patterns in simple shapes and numbers	C-8.2	Identifies and extends simple patterns in their surroundings, shapes, and numbers.
L312	Reads printed scripts on the classroom walls : poems, posters, charts etc.	C-9.7	Knows and uses enough words to carry out day-to-day interactions effectively and can guess the meaning of new words by using existing vocabulary
M306	Explains the meaning of division facts by equal grouping/sharing and finds it by repeated subtraction	C-8.7	Recognises multiplication as repeated addition and division as equal sharing
M303	Solves simple daily life problems using addition and subtraction of three-digit numbers with and without regrouping	C-8.6	Performs addition and subtraction of 2-digit numbers fluently using flexible strategies of composition and decomposition of both numerical and word problems
M309	Identifies and makes 2D- shapes by paper folding, paper cutting on the dot grid, using straight lines etc.	C-8.8	Recognises, makes, and classifies basic geometric shapes and their observable properties, and understands and explains the relative relation of objects in space
L304	Reads small texts with comprehension , i.e., identifies main ideas, details, sequence and draws conclusions	C-10.5	Reads short stories and comprehends their meaning – by identifying characters, storyline and what the author wants to say – on their own
M302	Compares numbers up to 999 based on their place values	C-8.5	Recognises and uses numerals to represent quantities up to 99 with the understanding of decimal place value system
M317	Reads the time correctly to the hour using a clock/watch	C-8.10	Performs simple measurements of time in minutes, hours, day, weeks and months

NANDURBAR, MAHARASHTRA

COMPETENCY ANALYSIS READING

The endline test given is scientifically similar to the baseline (though not identical), allowing a genuine measurement of progress. The Pragati App generates a detailed personalized report card at multiple levels (child, class, school, district) which shows with a colour code which topics have been mastered and which need more work. Pragati report cards enable children to focus on their progress over time rather than comparing against others.

Word level: completing a word

शब्द पूर्ण करण्यासाठी योग्य अक्षरे भरा.

Comprehension: reading unknown passages with understanding

एक लहान चिमणी दररोज सकाळी आपल्या घराच्यातून उडून शेतात जात होती. तिथे ती आपल्या पिलासाठी अन्न शोधत होती आणि संध्याकाळी परत येत होती. चिमणी आपल्या पिलाची खूप काळजी करत होती.

चिमणी कुठे जात होती?

☐ जंगलात

☒ शेतात

☐ नदीत

Graphs show the proportion of children scoring correctly on specific competencies at endline.

NANDURBAR, MAHARASHTRA

COMPETENCY ANALYSIS WRITING

Writing words

1. दिलेल्या अक्षरापासून पाच शब्द बनवा?

Writing sentences

खालील दिलेल्या शब्दांपासून वाक्य तयार करा?

घर _____

औत _____

चिमणी _____

झाड _____

Graphs show the proportion of children scoring correctly on specific competencies at endline.

NANDURBAR, MAHARASHTRA

COMPETENCY ANALYSIS NUMERACY

2-digit addition

Division

	9	÷	3	=
7	6	÷	4	=

Data Handling

Graphs show the baseline and level of progress on specific competencies.

CASE STUDY HIMACHAL PRADESH

A random sample of 89 out of 476 schools were tested using a tool that measured children's achievement of NIPUN Bharat competencies (see section D for details). The survey was conducted by trained DIET students. Students' test scores increased by between 6 and 12 percentage points after just over 30 implementation days. In general, students' baseline scores were lower in maths compared to Hindi, but they also showed more dramatic numeracy improvements.

Grade 3 Learning Gain Between NAS 2021 & Parakh (2024)

ATTENDANCE: INDICATOR OF SUCCESS

JOYFUL, FAST, VISIBLE LEARNING

→ CHILDREN WANT TO COME AND KEEP COMING

Kudos to government policies: India's enrolment has risen sharply, even after the COVID decline. **Children are enrolled... but are they coming?** ALfA schools have higher attendance than non-intervention schools across multiple geographies.

Nandurbar, Maharashtra: Case Study

A research pilot in Nandurbar, an aspirational district of Maharashtra, average attendance of control group schools was just 54% for Grade 3 and 44% for Grade 4.

Attendance in ALfA schools was much higher, at 83% for Grade 3 and 75% for Grade 4.

Learning outcomes also improved drastically (see below).

■ Baseline ■ Endline ■ Learning Improvement

Shamli, Uttar Pradesh

"The attendance of children has improved drastically."

Mr Rahul Mishra
BSA, Shamli, UP (2022)
Shamli became rank 2 of 75 districts in PRS 2024, from being LPD earlier

[Click Here](#)

Hilauli, Uttar Pradesh

Attendance in Hilauli, UP, rose from 70% to 80% according to mid-day meal data.

Hilauli rose from bottom to became **rank 1 out of 17** blocks in Unnao, in NAT 2023.

CASE STUDY

MOTHER LITERACY PROGRAM

A Pilot Collaboration Between DEVI & IIMPACT

SCALE

10,000+ Learners across 5 states:

West Bengal, Rajasthan, Haryana, UP, Uttarkhand

IMPACT

78% of learners scored less than 40% on the pre-test. By the time of the post test, it was only 6%!

Those scoring above 80% grew more than 5x from 3% to 17%.

Pre-Test

Mid-Test

Post-Test

■ Below 40% ■ 41-60% ■ 61-80% ■ 81-100%

Proportion of learners by different test score bins over the course of the program.

RESEARCH ADULT LITERACY

Our groundbreaking research directly testing the reading ability of 1.06 million adults in Lucknow district to throw light on the literacy crisis.

Key Findings

- Literacy rates are substantially lower than Census estimates (65% vs 77%)
- There are major caste, gender, age and geographical inequalities in literacy rates.
- Sociodemographic factors interact with each other powerfully, to create compounding effects. For instance, our survey found that just 10% of rural SC/ST 51-60 year old women could read.

Published in two journal articles and an in-depth report:

The Olinga Foundation
For Human Development

GHANA Olinga Foundation / Associates for Change

Implementation in 6 schools with 2 as control. 30 days later, in the midline test, the proportion of Grade 4 & 5 students reading at the highest level **almost doubled from 22% to 41%.**

PERU ArcaBeta NGO

In collaboration with Arca Beta NGO, we are piloting ALfA in a school in the remote Amazon. Results are impressive, and discussions are now underway with government for scaling up.

MALDIVES Ministry of Education, UNICEF

Test scores in ALfA schools improved 7 percentage points in English and 11 percentage points in Maths – nearly **double the rate** of improvement compared to reference group schools.

HOW ALfA WORKS LITERACY

ALfA Literacy draws upon children's natural ability to derive first sounds of pictures they know, as versus first sounds of letters they do not know. Children are able to derive these first sounds and add them on their own to form words from the first day. They read by taking turns and ask each other questions.

A 40-page ALfA booklet and 45 school days are enough to swiftly build reading and early writing skills. Based on this foundation, children develop deeper understanding, richer vocabulary and greater fluency in reading and writing with time.

Accelerating Learning for All | LITERACY BOOK

MODULE 1

'A' WORDS

c

a

t

b

g

m

Nudges: Pair Up and Take Turns
 Make your own picture and sound cards to play games, such as:
 1. **Sound game:** Put all picture cards in a basket, then pick out one at a time and share its name and first sound.
 2. **Memory game:** Turn all picture and sound cards upside down. Pick two at a time. If they match, you can keep them, otherwise put them back and it's your partner's turn to pick. Play till you've found all the matches.

MODULE 2

What is this?

What is the first sound? c

What word do you get when you join these sounds? cat

Nudges: Pair Up and Take Turns
 1. Ask your partner the three questions as given on the left. Let your partner answer, then reverse roles for the next word.
 2. Don't use names of the letters, just say their phonic sound: car's first sound is "k" not "see (c)". The sounds can be easily derived from the picture.

m
a
t

b
a
g

mat

bag

Nudges: Pair Up and Take Turns
 1. Take turns to sound out and read each word. If you can't remember a sound, check above in Module 2.
 2. Can you find which words rhyme? For example, 'at', 'cat' & 'bat'. What rhymes with mam?

DEVISANSTHAN | Dignity Education Vision International | LEAVE NO ONE BEHIND

Each lesson introduces 4-6 letters. If the students aren't familiar with the pictures associated with each letter, then you may need to do some activities to introduce them

Prompts explain the process and also provide links to more resources.

Children take turns to ask each other questions:

- What is this picture?
- What is its first sound?
- What do these sounds join together to make?

The box at the bottom enables children to practice the same letters with new words.

HOW ALfA WORKS NUMERACY

ALfA numeracy draws on concrete to abstract experiences. Children learn with each other and discover numbers and operations doing paired learning with concrete objects that are easily available. Children ask questions of each other.

Just 28 pages of ALfA booklets help build a much deeper level of understanding than typical 300 page textbooks and workbooks combined. Just 45 Days is sufficient to complete the foundational skills, and often take learning to beyond Grade level mathematics.

[Click Here](#)

Scan/Click this QR CODE for a video on how to teach ALfA Numeracy.

Hands-on & Kinesthetic

Modules progress logically from simple to complex

As children vary in skill levels, ALfA is not designed for a specific grade, but can be used across different primary grades. Levels inside indicate the grade level which a particular module is appropriate for. This below is relevant for Grades 2 & 3.

Level A = KG & Grade 1 Level B = Grade 2 & 3 Level C = Grade 4 & 5

Word problems connect math with real life

Simple-to-understand pictorial representation

Prompts describing the activity & encouraging each pair to make their own questions.

Module 6: We know 3 and 4 digit numbers

Level B

Triggers: Pair up and take turns

- Let a child take out some ice cream sticks and matchsticks and make a number and arrange them in the correct order. The second child can tell what number is formed.
- Make new numbers by interchanging some sticks.

Also show each other by clapping the number.

$$\begin{array}{ccccccc}
 \text{Thousands} & & \text{Hundreds} & & \text{Tens} & & \text{Ones} \\
 \begin{array}{c} \text{2 sticks} \\ \text{2} \end{array} & & \begin{array}{c} \text{1 stick} \\ \text{1} \end{array} & & \begin{array}{c} \text{3 sticks} \\ \text{3} \end{array} & & \begin{array}{c} \text{5 sticks} \\ \text{5} \end{array} \\
 2000 & + & 100 & + & 30 & + & 5 \\
 & & & & = & & 2135
 \end{array}$$

21ST CENTURY SKILLS & SOCIAL-EMOTIONAL LEARNING

Question: Apart from academics, which of the following 4C Skills are you observing in students now under ALfA compared to previous practice? (September 2025: 261 teachers)

The highest outcome was Communication (97%) followed by Collaboration (94%), Critical Thinking (92%), and Creativity (86%).

Communication

97%

Collaboration

94%

Critical Thinking

92%

Creativity

86%

“With ALfA, I feel much more positive and confident. Children learn faster, enjoy the activities, and show real understanding. The appreciation from parents has also boosted my motivation and overall well-being.

Deepika Moolchandani, Teacher

”

How are Tina-Toto puppets engaging students in richer and socio-emotional ways compared to previous tools/practices?

ALfA: COMPARISON WITH OTHER PEDAGOGIES

"One of the challenges facing many teachers is the extreme diversity of learning levels. Teaching at the Right Level (TaRL) solves this problem by grouping students by ability, whereas ALfA transforms the mixed learning levels from a challenge to a strength through paired learning.

While ALfA is newer and still emerging compared to established programs such as TaRL and Structured Pedagogy, its ability to deliver swift learning gains positions it as a promising strategy for achieving universal literacy and numeracy."

- Aïcha Bah Diallo

Former Minister of Education, Guinea

Table: Comparison of popular, evidence-based FLN pedagogies

Feature	Structured Pedagogy	TaRL	ALfA
Core Approach	Standardized lesson plans and scripted teaching.	Grouping students by ability level and targeting instruction accordingly.	A process-led structure that scaffolds learning through paired activities.
Holistic & Social Development	Focused primarily on academic content delivery rather than holistic development.	Differentiated grouping can unintentionally lead to a fixed mindset which can prejudice a child about their own ability.	Develops 21st-century skills such as collaboration, citizenship, equity & inclusion through random paired learning.
Speed & Efficacy	Effect Size: 0.13 (Generally 3-year implementations)	Effect Sizes: 0.08–0.7 (50 days, combination of studies 2005–2014)	Effect Sizes: 0.23–0.89 (India, Maldives: 45 days, 2022–23)
Cost	\$8 per child Detailed scripting and material requirements.	\$20–\$27 per child Resources vary by implementation. More significant training required.	\$4 per child Leverages local resources and requires minimal training time.
