FLN at Speed What Works

PATH to Fast FLN

= **Policy** × **Pedagogy**

When strong policy is topped by the ALfA pedagogy, gains accelerate fast.

Comparing Grade 3 outcomes in NAS 2021 and PRS 2024, ALfA districts recorded +13 pp (language) and +14 pp (numeracy): 30%–40% above UP's state-average gain of +10/+10 pp, and above India's +2/+3 pp average gain over the same period.

A shorthand interpretation: UP's progressive policy built the baseline, the "highway" (+10 pp), while pedagogy added an extra +3/+4 pp acceleration in 4 districts. In Lucknow, it was even better: an extra +7/+9 pp gain above UP average thanks to more hands-on intensive support.

Given the strength of results and evidence at scale, we suggest moving directly to rollout of the ALfA supplement as an FLN booster where State governments see its value—**government orders are needed now.**

India has made extraordinary progress. NIPUN goals are still within reach in the mission's final year, if we align what leaders prioritise through policy (the highway) with what schools do daily through pedagogy (the vehicle).

It is clear, some vehicles move far faster.

ALfA: Accelerating Learning for All

ALfA is a high-speed FLN pedagogical intervention in which learning moves from known-to-unknown, and children work in pairs. This ensures every child remains active, every minute, leading to rapid gains in learning.

Teachers find it easy to implement. Children enjoy learning with each other, in turn leading to better attendance.

ALfA combines:

- **Paired learning + joyful routines** (every child active, every minute).
- **Known → unknown sequencing** in literacy: picture → sounds (letters) → meaningful words & sentences.
- **Kinesthetic → concrete → abstract sequencing** in numeracy (number sense → operations → mastery).
- **A short, intensive cycle** (45-working days) to establish FLN foundations.

ALfA is exceptionally low-cost and quick to implement:

Language: Thin 30 to 40 page booklets are shared as one copy among two children working in a pair.

Numeracy: A teacher guide plus simple hands-on materials (sticks/beans, or local substitutes) are provided or arranged locally (recycled, reused, sustainable).

NIPUN Last Mile 3 Asks

This is the **final year** of NIPUN Bharat—and FLN targets are still achievable: declare FLN an emergency, run a time-bound mission, and use disruptive pedagogy to drive forwards.

In Uttar Pradesh, **ALfA disruptive FLN pedagogy moved quickly** from pilot to scale after COVID because the DGSE chose to pilot it and backed it without overlapping other FLN approaches—rare, senior-level support to try a new pedagogy, grounded in two decades of research by DEVI Sansthan.

The pilot evidence was validated by Harvard. ALfA grew from a small pilot to 7,500 schools in 2024 (4 full districts) and to **17,500 schools (9 full districts)** by early January 2026—showing a clear pathway for a statewide ALfA supplement as an FLN booster.

PRS/PARAKH 2024 captured ALfA's gains at scale.

Two clear implementation choices other states can replicate: (1) **create policy space for innovation**—formally permit a proven “booster” like ALfA as a time-bound FLN supplement alongside existing systems (not as another pilot on the side); (2) run a **focused 45-working-day cycle**, followed by evidence and fidelity checks.

With new agreements signed in January 2026, ALfA has doubled from last year, to **60,000+ government schools** across multiple States/UTs, with endorsement by Hon'ble Shri Rajnath Singh ji, Defence Minister of India and former Minister of Education, Uttar Pradesh.

3 Asks:

What we need from the State

1. Approve ALfA-FLN as a state programme for a 45-working-day emergency cycle at the start of the academic year (or soon thereafter).

2. Print and distribute the ALfA booklets free of cost (DEVI via CSR support, or transfer printing rights to the Government through MoU).

3. Endorse mass training in ALfA accelerated teaching methods for teachers, middle-level leaders, and school heads through online, offline, and cascade modalities.

Why this matters now

NEP 2020 and NIPUN Bharat set a 2026–27 deadline for universal FLN, but progress is uneven—**making this a time-sensitive opportunity to accelerate learning.**

What earlier took 3+ years can now be achieved through ALfA in 45 working days.

Recommendation to States:

Learn from the pages of UP and other states that have signed up to adopt ALfA fast & holistic classroom practice, so that the last stretch of the mission produces the biggest possible learning jump, quickly and equitably.

From 20 to 60,000 schools in 3.5 years!

**Launch in 2022 with
Secretary MOE, India**

From Low-Performing District to Rank 2 in UP

In 2022, IAS Anita Karwal, then Secretary, Ministry of Education, entrusted DEVI Sansthan to implement its ALfA (Accelerating Learning for All) pedagogy for Shamli, Uttar Pradesh, then a low-performing district of India (NAS 2017).

PRS 2024 Grade 3 shows impressive learning gains:

Language: 65% (NAS 2021) → 79% (PRS 2024) → **+14 pp**

Maths: 59% (NAS 2021) → 76% (PRS 2024) → **+17 pp**

This took Shamli to **Rank 2 of 75 districts of UP**.

ALfA is built on 20+ years of research. It is a **disruptive pedagogy** that enables rapid FLN gains by mainstreaming paired-learning, and scaffolding learning from known to unknown.

ALfA | Fast & Holistic FLN | Literacy Accelerating Learning *for* All

- ALfA is an FLN accelerator that delivers measurable gains in weeks through paired learning and rapid routines that build joy, 21st-century skills, and equity. Learning is sustained year-long through prescribed textbooks. It supports NEP 2020's vision of holistic education.
- ALfA Literacy builds strong reading and writing foundations through daily phonics, fluency, comprehension, vocabulary, and structured writing.

Scope Grades 1-3 Grades 1-5 Balvatika Grades 6-8 Girls & Adult Learners	Process Joyful, student-led known → unknown concrete → abstract Reading: decoding → blending reading fluency → comprehension Mathematics: number sense → concepts → confidence	45-working day + Textbooks 1 period/day per subject for ALfA Books & MAT Process (Model, Activate in Pairs, Transfer) Take turns to engage with prescribed textbooks using MAT Process to move at 2× the usual pace.
---	--	--

Literacy Paired Learning Routines

Children take turns to derive first sounds from known pictures (not unknown letters and their sounds). They blend these sounds to read meaningful words from the beginning | **saves a year+** | moves children quickly towards reading fluency & comprehension. Working in pairs makes learning engaging. All children get busy and learn more in less time.

Click/Scan QRs
 to hear
 Teachers'
 testimonies
 and see ALfA
 literacy in
 action.

Available in 15 Indian languages, 33 worldwide | Easily replicable

Picture → Sound → Word (Decoding & Blending)

English

One child asks, the other answers.

Child 1: "What is this?" → Child 2: "car"

Child 1: "What is its first sound?" → Child 2: "/c/"

Repeat for the next pictures apple /a/ & tie /t/

Child 1: "What's the new word?" Child 2: "/c/ + /a/ + /t/ → cat" (meaningful)

Swap Roles ↺ → New Pics → Repeat Routine.

Hindi

Child 1: "यह क्या है?" → Child 2: "बतख"

Child 1: "इसकी पहली आवाज़ क्या है?" → Child 2: "/ब/"

Repeat for the next picture, /सपेरा/ → /स/

Child 1: "नया शब्द क्या बना?" Child 2: "/ब/ + /स/ → बस" (bus-meaningful)

Swap Roles ↺ → New Pics → Repeat Routine.

ALfA | Fast & Holistic FLN | Numeracy Accelerating Learning *for* All

- ALfA Numeracy builds strong foundations through paired learning routines that scaffold from concrete-to-abstract, known-to-unknown.
- Paired transaction of learning is enabled through a **MAT Process**:
 1. **Model** (teacher-child / child-child demos)
 2. **Activate** (entire class works in pairs)
 3. **Transfer** (children practice, create questions for each other; take turns answering, and stretch learning in class & at home).
- Children learn turn-taking, communication, collaboration, problem-solving (critical thinking) and creativity as suggested in NEP 2020.

Numeracy Paired Learning Routines

- Talk aloud • Peer-check • Correct
- Make new questions for each other
 - Level up (learning transfer)
 - Using sustainable material.

Kinesthetic → Concrete → Abstract

Routine A: Kinesthetic

Child 1: Makes 3 claps + 4 snaps (3 tens + 4 ones)

Child 2: Says, "Thirty-four!"

Child 1: Gives Hi-five to Partner 2; or says, "Try again."

Invert roles. Make new numbers for each other to solve.

Routine B: Concrete

Show with concrete objects (sticks/leaves).

Partner checks. Gives Hi-five! Inverts roles.

Routine C: Abstract

Show the numbers formed in digits.

Partner checks. Gives Hi-five! Inverts roles.

34

GLOBAL VALIDATION FROM HARVARD UNIVERSITY

HGSE Book, 'Rebuilding Resilient Education Systems After the Covid-19 Pandemic', Chapter 8 documents the learning gains from the ALfA program in Shamli, and recommends its widespread adoption by UP government.

“The effect size of the project was **0.23 for Grade 3** students and **0.89 for Grade 5**... the results suggest there is significant value in pursuing the ALfA model in other schools if implemented in a coherent, structured, and coordinated manner.”

“We **recommend the UP government incorporate the promising ALfA pedagogy** developed by DEVI for the first 6 weeks to quickly establish a strong FLN foundation.”

[Click Here](#)

Click or scan QR to check out the book

by Prof. Fernando Reimers et al
Harvard Graduate School of Education

Effect size is a statistical measure of an intervention's impact. A business-as-usual school year in developing countries typically raises literacy levels by **0.15 to 0.21** standard deviations. This means that the ALfA 45-day intervention raised learning levels by the equivalent of **2-4 years worth of school**.

Reference: Evans, David K.; Yuan, Fei. 2019. Equivalent Years of Schooling: A Metric to Communicate Learning Gains in Concrete Terms. Policy Research Working Paper; No. 8752. World Bank, Washington, DC.

Children taking turns to read with Tina-Toto puppets

NATIONAL EXPANSION

Since 2022, ALfA has scaled rapidly across schools and women/adult literacy programmes nationwide. In January 2026, MoUs doubled—reaching 60,000 schools—with additional research pilots underway. DEVI is also partnering with NGOs and CSR foundations to accelerate literacy at scale, and we are seeking catalytic approaches and new partners to meet these growing commitments.

Children develop number sense with concrete objects

POLICY + PEDAGOGY ACCELERATES FLN FASTER

Under strong post-Covid leadership and progressive policies, the UP Government delivered a +10/+10 pp statewide gain and lifted UP to Rank 7 in India in PARAKH 2024 (Grade 3 language & maths).

The government further created an **enabling environment for NGOs**, including DEVI to implement its ALfA pedagogical intervention which delivered sharper acceleration: +13/+14 pp across four ALfA districts.

Shamli, once low-performing, was the first to follow ALfA in 2022. It is now Rank

2 of 75 UP districts for Grade 3. With ALfA now in 9 districts (17,500 schools) and a proposed statewide FLN supplement for 6 million learners, the message is clear: **policy sets the base; pedagogy speeds the gains.**

Pedagogy changes teaching (not just materials). ALfA daily routines—paired learning, talk routines, role rotation, transfer, and immediate feedback are driving learning gains through **minute-to-minute classroom interactions**, not just plans, scripts, or training.

RANCHI, JHARKHAND

DRAMATIC LITERACY GAIN

Of the 4 schools implementing ALFA, 3 received the 'NIPUN-Gold' category based on assessments conducted in November 2025 (scoring 90–100%). The remaining school was in the Silver category (80–90%). These results were achieved in the Government-conducted NIPUN assessment, **MVNMBN** (Mera Vidyalaya Nipun, Main Bhi Nipun). This contrasts with the schools in the non-ALFA category, of whom one achieved Gold, one Bronze (70–80%), and two remained non-NIPUN.

Our vision is to help all schools of Ranchi become NIPUN Gold Standard, before the 26-27 deadline, through the ALfA pedagogy.

RANCHI, JHARKHAND

DRAMATIC LITERACY GAIN

- Assessment was conducted with the support of government officials and ARPs along with DEVI Sansthan staff in a transparent process.
- Hindi reading scores increased dramatically from **27% to 85%** in Grade 2, and **36% to 90%** in Grade 3 – a rate of **learning gain double that of non-ALfA schools.**
- Writing scores also rocketed up from **5% to 55%** in Grade 2 and **15% to 64%** in Grade 3 – **learning gain triple that of control schools.**
- Grade 2 students in ALfA schools **outperformed** Grade 3 students in non-ALfA schools across both reading (85% vs 68%) and writing (55% vs 35%).

Grade 2 Hindi Reading

Grade 3 Hindi Reading

Grade 2 Hindi Writing

Grade 3 Hindi Writing

RANCHI, JHARKHAND

RAPID NUMERACY BOOST

- Numeracy scores grew from **16% to 54% (Grade 2)** and **26% to 65% (Grade 3)**.
- The rate of learning in schools using ALfA was **more than triple that of control schools.**
- Grade 2 students in ALfA schools (54% score) **outperformed** Grade 3 students in non-ALfA schools (42% score), indicating that the 6-month program has made more than a year's difference to student's learning levels.

GRADE 2 Arithmetic

GRADE 3 Arithmetic

RANCHI, JHARKHAND

PROFICIENCY AT ENDLINE

Literacy: Tercile Analysis

- By the time of endline, **no students in ALfA schools scored below 33% in the literacy assessment**; but there were still 21% of Grade 2 and 13% of Grade 3 students in this bottom tercile in non-ALfA schools
- 2-4x more students in the ALfA schools reached the highly proficient category** than in non-ALfA schools (68% vs 17% in Grade 2, 82% vs 37% in Grade 3).

Maths: Tercile Analysis

- By the time of endline, **only 12% (Grade 2) and 5% (Grade 3)** of ALfA students were 'not proficient' in maths, compared to 5x higher figures in non-ALfA schools (Grade 2: 67%, Grade 3: 36%).
- Far more students in the ALfA schools reached the highly proficient category** than in non-ALfA schools (3% vs 22% in Grade 2, 16% vs 44% in Grade 3).

RANCHI COMPETENCY ANALYSIS READING

The Pragati App generates a detailed personalized report card at multiple levels (child, class, school, district) which shows with a colour code which topics have been mastered and which need more work. Pragati report cards enable children to focus on their progress over time rather than comparing against others.

POLICY + PEDAGOGY: HP / SOLAN

Under the Government of Himachal Pradesh's strong FLN push, the state recorded among India's largest gains from NAS 2021 to PARAKH/PRS 2024: +16 pp in Grade 3 Language and +19 pp in Math. Within this statewide improvement, Solan stood out with **+18 pp (Language)** and **+23 pp (Math)**. ALfA has been implemented across all 9 blocks of Solan since 2024 as part of the government's broader effort. DEVI has worked with the HP government for two and a half years, including hosting multiple HP delegations in Lucknow to observe implementation firsthand.

FAST + HOLISTIC

NEP 2020 IN ACTION

Key Insight: When pedagogy is shifted from being primarily teacher-led to being driven by child-to-child interaction, learning becomes faster, fairer, and more durable for every learner.

Equity at scale: Peer learning strengthens holistic development by building 21st-century skills and SEL every day.

21st CENTURY SKILLS (4Cs)

The chart to the right shows gains in communication, collaboration, critical thinking, and creativity through a teacher opinion survey.

Social-Emotional Learning (SEL)

Chart shows how structured peer routines strengthen confidence, empathy, engagement, and self-regulation.

Teacher Motivation & Well-Being

“With ALfA, I feel much more positive and confident. Children learn faster, enjoy the activities, and show real understanding. The appreciation from parents has also boosted my motivation and overall well-being.”

Deepika Moolchandani, Teacher

RESEARCH ADULT LITERACY

- DEVI's adult literacy efforts began in 2015 with the Global Dream Campaign for Literacy, starting with a **survey of 1.06 million adults in Lucknow**. Findings showed that age, caste, and geography significantly affect literacy rates.
- DEVI then partnered with Karouni village in Sarojini Nagar, where 22 women led a **community-driven literacy initiative**, empowering 800 women over two years. This success was widely covered in media.
- DEVI ran a program where students from grades 6–12 across India tutored adult learners. **The Literacy NOW app, supported by SBI Foundation**, further boosted these efforts and was adopted by Literacy Chicago in the US.
- DEVI also partnered with the Mizoram government in 5 districts, HCL Foundation in Hardoi, and Impact Foundation, empowering 19,000 women with literacy (see results on next page).

[Click Here](#)

Key Policy Insights

Women's Leadership Drives Success:

Community-based programs are more effective when women lead, as demonstrated in Karouni village with 800 women empowered.

Volunteering Over Wages:

The Karouni women worked voluntarily, showing that community-driven efforts often outperform paid work.

Global Lessons for Local Success:

DEVI's Disruptive Literacy (2022, Bloomsbury) shares insights from global literacy movements to guide effective strategies.

Engaging Youth Benefits All:

Children and young adults teaching adults creates mutual benefit, and should be part of school curricula to promote lifelong learning.

A People's Movement is Key:

A grassroots movement, as seen in Ernakulum, ensures sustainable adult literacy and should be prioritized in policy.

CASE STUDY

MOTHER LITERACY PROGRAM

In collaboration with Impact, the program aimed to enhance literacy levels among mothers through focused interventions, driving notable improvements in their literacy and numeracy progress.

SCALE

10,000+ Learners across 5 states:

West Bengal, Rajasthan, Haryana, Uttar Pradesh, Uttarkhand

IMPACT

78% of learners scored less than 40% on the pre-test. By the time of the post test, it was **only 6%**!

Those scoring above **80% grew more than 5x from 3% to 17%**.

Proportion of learners by different test score bins over the course of the program.

ALfA: COMPARISON WITH OTHER PEDAGOGIES

The World Bank Global Education Expert Advisory Panel found that Teaching at the Right Level (TaRL) and Structured Pedagogy are two of the best buys in education. ALfA is proving even more cost-effective.

“While ALfA is newer and still emerging compared to established programs such as TaRL and Structured Pedagogy, its ability to deliver swift learning gains positions it as a promising strategy for achieving universal literacy and numeracy.”

– **Aïcha Bah Diallo**

Former Minister of Education, Guinea

“Manish Kumar’s research found that physical separation changed the identity of students. They began calling their classmates not by their names but by the group name, and even refused to play with the group perceived as weak in ability. “You don’t know anything, that’s why you are in Vishwas (lower-ability group),” a student reported being told.”

– **excerpt from ‘How Rich Donors Have Caused More Harm than Good to India’s Education**

Kalra Aparna, The Wire

Source: Copenhagen Consensus, 2023. Halftime to SDGs Best Investment Paper: Education.

Source: Weighted average from implementations. \$2-\$4 per child, effect size of 0.52 (HGSE and others).

“I think we’ve been too quick to blame all these other reasons for why kids aren’t reading. It does correlate with things like poverty and circumstances in kids’ homes, but for some reason we haven’t looked at instruction.”

– **Emliy Hanford**

ALFA: COMPARISON WITH OTHER PEDAGOGIES

STRUCTURED PEDAGOGY

Pedagogical approach: Standardised lesson plans and often scripted teaching to drive consistency.

Teacher role: Can mean strict adherence and reduced professional autonomy.

Speed: Typically needs longer-term implementation (not a “rapid burst” model).

Effect size: Approx 0.13

Cost per child: ~\$8/child (materials + scripting requirements).

Strategic link: Often embeds Science of Reading principles through teacher guides and coaching.

TEACHING AT THE RIGHT LEVEL (TaRL)

Pedagogical approach: Assess group by level -> teach targeted core skills -> address multi-level classrooms.

Teacher role: Teachers manage multiple learning groups simultaneously.

Speed: Evidence includes ~50-day implementations; this earlier community model is no longer active.

Effect size: 0.15–0.28

Cost per child: ~\$20–\$27/child (often higher training/support inputs).

Equity/social risk: Ability grouping may trigger fixed mindset and become socially divisive.

SOR/EXPLICIT INSTRUCTION

Pedagogical approach: Science of Reading prioritises explicit, systematic instruction in the building blocks of reading—especially phonics—within a coherent skill pathway.

Teacher role: Many large-scale literacy programmes pair phonics-based curricula with training/coaching and levelled materials.

Speed: Can show strong gains within an academic year when well-implemented at scale, but varies by programme design.

Effect size / cost per child: Depends on the delivery model.

ACCELERATING LEARNING for ALL (ALFA)

Pedagogical approach:

Random paired learning + holistic, process-led structure with scaffolded self-learning.

Teacher role: Lightens teacher load because learners support/check each other in pairs.

Speed: Designed to build foundational literacy/numeracy in ~45 days.

Effect size: 0.23–0.89 (India, ~40 days); weighted average 0.39–0.58.

Cost per child: ~\$4/child (leverages local resources; minimal training time).

TEACHER TRAINING AT SCALE

MASSIVE OPEN ONLINE TRAINING

(60K+ VIEWS | 66 COUNTRIES PARTICIPATED)

How many words can you find? Activity

Several audience polls were used in the MOOT to gauge participants' attitude. The results were overwhelmingly positive, indicating a high level of engagement.

IN-PERSON TEACHER EMPOWERMENT

Over the past three years, DEVI has trained and empowered over 10,000 teachers, principals and government officials . Participants build deep practical understanding of the ALfA pedagogy through:

- ✓ Role-plays & Hands-on activities
- ✓ Paired learning practice
- ✓ Classroom videos
- ✓ Quizzes and Q&A

As well as training, our field staff regularly visit schools for supportive supervision, and sit in government meetings at block and district levels, liaise with govt officials, etc.

Question	Results
How did you find today's training?	Excellent 73% Quite good 22% Ok 3% Nothing new 0%
Do you want to adopt the ALfA pedagogy and processes in your classes?	Yes 90% Maybe 10% No 0%
Do you want to adopt paired learning in your classes?	Yes 100% Maybe 0% No 0%
Has the online format of this MOOT been effective for you?	Yes 93% Somewhat 5% No 1%

BOOKS BY DEVI

ALfA: Accelerating Learning for All A Groundbreaking Pedagogy to Transform Education

Bloomsbury,
January 2024

"All students should be able to learn to read quickly so that they can maximize their academic potential and ALfA does that."

Jon Corippo

Founder of EduProtocols, USA

"This book provide some insightful and unique ideas about creating a pedagogy of possibility. It will undoubtedly create the conditions for a better world."

Sigamoney Naicker

Professor, University of the Western Cape, SA

Disruptive Literacy A Roadmap for Urgent Global Action

Bloomsbury,
August 2022

"A much-needed manifesto for achieving large scale transformation of the global literacy crisis."

Ernesto Schiefelbein

Former Minister of Education, Chile

"A must read for policymakers and all those associated with the campaign against illiteracy."

Anil Swarup

Former Secretary of Education, India

PARTNERS IN CHANGE

We greatly appreciate partnership with organisations who have trusted in the power of a disruptive pedagogy and given it their support.

Literacy Chicago, USA
Adult Literacy program

Kepler School, USA
Research Implementation

Kupanda Sisters, Guyana
Single school pilot

Arca Beta, Peru
Pilot in a school in Amazon

All Africa Students Union
Knowledge & training partnership

Teachers Without Borders
Toolkit Replication partnership

Olinga Foundation
Research implementation in 15 government schools

PARTNERS IN CHANGE

ONE TARA FREE SCHOOL

- One Tara School is a free, alternative school for out-of-school children and illiterate adults, based on the belief that if they can't go to school, the school should come to them.
- The One Tara initiative empowers individuals to start informal education centers, offering quality education and extra support to underserved communities.
- The goal is to inspire a love of learning, support children through their education journey, and teach adults foundational skills.
- DEVI invites individuals, families, and NGOs to open free schools in memory of loved ones, honoring them through education—a "star above supporting a star on earth."
- DEVI provides full know-how, support, including training, study materials, and assessments, at low cost to volunteers who offer free education in both formal and informal settings.

THE ALfA JOURNEY

Research on FLN;
Campaigns for Literacy.
Grassroots literacy work
in slums & villages.
Women & Adult Literacy
& Out-of-School Children.
Research continued
for school-based model.

ALfA expands to
pilots in 4 districts of UP
(Barabanki, Lucknow,
Shamli, Unnao).
Hosted **MOOT: (Massive**
Open Online Training).
Partnership with **Ministry**
of Education, Maldives.

ALfA **research**
implementations
in Arunachal Pradesh,
Jharkhand, Maharashtra,
Telangana; Ghana, Peru
show strong results.
Statewide MOU for J&K
takes the total to 35,000+
schools.

1992-
2013

22 years of broader
education research
in India, Iceland, UK, The
Czech Republic.

2014-
2021

Accelerating Learning for All
(ALfA) launched in
government schools:
20-school RCT in Shamli, UP
and Sambalpur, Odisha.
Published '**Disruptive**
Literacy' (Bloomsbury).

2022

2023

ALfA expands to **full district**
level implementation
in Barabanki, Lucknow,
Shamli & Unnao.
Implementation begins in
Himachal Pradesh (state-
wide MOU).

2024

2025

2026

MOUs signed in January to
expand to **9 full districts** of
UP, & **entire Uttarakhand**
and Ranchi, expands to
60,000+ schools.

ALfA: Fast & Holistic FLN Today

DEVI Sansthan (Dignity Education Vision International) is an NGO with a big vision: to help India and the world achieve quality education (SDG 4). Under its Rapid Results Initiative (RRI), DEVI is pioneering a transformative education, empowering teachers, undertaking research, and leveraging policy to enable swift FLN gains. Beyond FLN, DEVI's joyful, holistic program lays the foundation for a more humane, equitable and inclusive world.
